

Sanicat

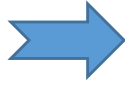

Sanicat 'Large Bags' are switching to Kittyfriend

Same great products, same mineral and same price
Now in Kittyfriend packaging

Kittyfriend being phased in during July 2020

Kittyfriend

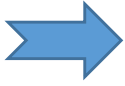

Kittyfriend

Clumping 20l with maximum absorption with odour control. Made from natural Bentonite, Sanicat Clumping makes cats feel like they are in their natural environment. As it is a clumping litter with thicker granules, it also prevents your cat from dragging the litter outside the litter box.

Composition: Bentonite

Format: available 20L.

EAN: 8411514805678

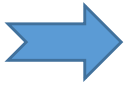

Kittyfriend

Classic 30l is the perfect litter for pet owners and cats that like simple and natural products, without perfumes or additives. Its effective absorption helps cats feel like they are in their natural environment. Its 30-litre package is also perfect for breeders and pet owners looking to save.

Composition: sepiolite.

Format: available 30L.

EAN: 5014057000307

Kittyfriend

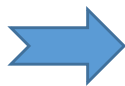

Antibacterial 25l

Maximum hygiene thanks to antibacterial power. The perfect litter for pet owners who want the best-quality care and health for their cats. The antibacterial action guarantees safety and hygiene in the litter box. It also controls unwanted odours and the appearance of bacteria for a longer period of time.

Composition: sepiolite with antibacterial activity.

Format: available in 25L.

EAN: 5014057000321

Kittyfriend
